

The greatest sale of Easter Shoes that we have ever known began yesterday at all our three stores—and from present indications over 50,000 pairs of feet will walk the streets of Washington next Sunday—comfortably and proudly—in "Hahn's New Spring Shoes."

It is the unaulmous opinion of all who have purchased here that our variety of new spring shoes is by far the prettiest—the shapellest—and the best that has ever been shown anywhere at the prices we are offer-ing them. It is a matter of surprise that anybody should buy shoes else-

where when there is such a saving of time and money HERE.

Nearly half a hundred efficient shoe fitters will be ready to serve
you tomorrow. Come as early as possible this Week—for in such a
cyclone of selling even OUR great assortment is apt to be broken. Delay

WASHINGTON FREE LIBRARY. March Circulation of Books Showed

Steady Growth. Reports at the last meeting of the trustees of the Washington City Free Library indi-cate that the circulation of books for March will attain nearly 7,000 volumes, in addition to about 1,000 consulted at the reading rooms of the library.

Through the generosity of Mrs. Phoebe A. Hearst, there have just been placed in the library 100 volumes of publications covering in a general manner the field of American history. There have also been received, through the liberality of three gentlemen, about twenty volumes of electricity in its latest develtreating of electricity in its latest devel-oped phases.

At the suggestion of Mrs. Emily R. Childs, the board of trustees voted to set

Chings, the board of trustees voted to set aside one week, to be known as "Donation Week," when public spirited residents of Washington will be asked to follow the example initiated in Philadelphia, by showing their interest in the library. The library committee having this matter in charge-consist of then, Joseph K. McCammon, chairman: E. Francis Riggs, Rufus II. Thayer, F. R. Lane, J. H. Brickenstein, Oliver L. Fassig, W. P. Cutter, and W. L. Landerschill, Physics and W. L. Landerschill. H. Lowdermilk.

Another Lambert Suit.

Another suit in the Carr-Lambert littigation was begun yesterday. This Mix Morrill, from the Schate Committee on Public Buildings and Grounds, has favorably reported the offit to provide for the erection of an admittional freproof building for the National Muscum the parties are tenants in common.

## Another Big Sale At Crocker's.

S PRING has been backward and we have lost nearly a month of big shoe selling! We cannot afford to walk. The store must be crowded all the time. Our immense force of shoe salesbe crowded all the time. Our immense force of shoe salesmen must be kept bisy. Remembering the flattering success of our surp us stock sale during the winter, and having bought very largely for an increased spring business, we now find ourselves heavily overstocked with Spring thoses and Oxfords. We shall begin tomorrow to duplicate the success of our previous sale. We shall be satisfied to get cost for a large portion of this stock for the next few weeks just to prevent the store from becoming jammed with shoes. You need new shoes for Easter and this is your opportunity to save a third of your money. These are Daiton & Co.'s famous high-grade shoes.

CROCKER'S, 939 Pa. Avenue,

Bar Association Meets On the Appeals Bill.

ARE A UNIT AGAINST IT

Proposed Measure Makes the Court of Appeals of the District the Final Besort in Certain Cases-Aimed at Patent Suits-Committee Appointed to Lobby Against It.

A special meeting of the District Bar Association was held at the city hall yester-day afternson to take action on the bill that has been favorably reported to the Senate from the Judiciary Committee, and which is destined to curtail the right of appeal to the supreme court of the United States from the court of appeals of the District. A fair attendance of representative lawyers of the city were on hand, and

bill was manifested. Henry E. Davis, president of the association, presided over the meeting, and Secre-tary Lewinhadcharge of the current records. The bill under consideration is Secare bill 2546, and makes the following provision: "That the decision of the court of ap-peals of the District of Columbia shall be circuit court of appeals of the United States would have been final if the question involved in such decision had arisen in any State."

Verylatestar signs, with large linkop sleeves, exactly as shown above, with tight fitting waist lining. Actual values \$1.50. For Monday,

Senator Gray is the author of the bill, and Senator Hoar, it is understood, has volun-teered to act as spensor for it before the

CASES IT WOULD AFFECT. At present it is possible to appeal from the superior court of the District to the Supreme Court of the United States where the amount involved in the suit am to \$5,000 or over. The passage of the new bill would cut off right of appeal almost on would cut our right of appendance; entirely. Among the cases in the States from which there is no append are patent cases and admirally suits under certain conditions, one of the nost important branches of litigation brought before the

conditions. One of the noise important branches of litigation brought before the court of appeals is that of parent cares. In these they are allowed an appeal and the efforts of a blow amed in that direction would be far fet.

The court of appeals has always been regarded as a favorice child of the government's indictary. When the court was organized the Unief Justice of the supreme Court came down from his bench and swore the three instaces into office, though that was not a duty devolved upon him. He called retention at the time to the dignity that attached to the new court.

Of late, it is said, however, an occasional frown is sent down from Encle Sam's highest indictary. When the records in the appealed case show on their face that the amount of money involved amounts to \$5,000 the case is accepted, maybe with ill favors, but without question. But in cases where the amount involved in the highation does not appear on the face of the sait, as in an ejectment suit, a careful out, as in an ejectment suit, a careful aspection by the court is made to see that the minimum limit is reached.

UNANIMOUS AGAINST IT. The discussion over the matter was sined in by a numer of well-known lawyers. but the speeches were all on one side and that against the bill. At the conclusion of the discussion the following gentlement were appointed a committee to fight the bill in the lobbics or any other available

but in the books of any constraints. Let bavis, chairman, R. Ross Perry, Nathaniel Wilson, A. S. Worthington, Calderon Carlisle, Melvis Church, C. E. Fester, William F. Mattingly, and A. B. Brown. The question of international arbitra-tion also come up for debate before the meeting. Several speeches were made and a general feeling prevailed for the necessity of adopting some international treaty of arbitration, and especially with freat Britain. A committee was appointed to confer on the matter with a smila committee from the New York Bar Association. The members of this committee are as follows: H. E. Davis, A. Forte Morse, J. H. Ashton, Frank W. Hackett, and Calderon Carlisle.

Metal of Honor Bestowed.

A metal of honor has been presented to Corrad Schmidt, late first sergeant Troop K, Second United States Cavalry, for distinguished galantry in action near Winchester, Va. September 19, 1864. He went to the assistance of his regimental commander, whose horse had been killed under him in a charge near the gamen's line and him in a charge near the enemy's line, and mounting the officer behind him under a heavy fire from Confederate infantry, re-turned with him to his command.
